**The Fire That Time** Jun 05 2021 In 1969, in one of the most significant black student protests in North American history, Caribbean students called out discriminatory pedagogical practices at Sir George Williams University (now Concordia University), before occupying the computer center for two weeks. Upon the breakdown of negotiations, the police launched a violent crackdown as a fire mysteriously broke out inside the center and racist chants were hurled by spectators on the street. It was a heavily mediatized flashpoint in the Canadian

civil rights movement and the international Black Power struggle that would send shockwaves as far as the Caribbean. Half a century later, we continue to grapple with the legacies of this watershed moment in light of current resistance movements such as Black Lives Matter, calls for reparations, or Rhodes Must Fall. How is the Sir George Williams "affair" remembered, forgotten, or contested? How is blackness included or occluded in decolonizing dialogues? *The Fire That Time* addresses those questions while it commemorates and reflects upon the transnational resonances of Black protest and radical student movements. Through several thoughtful essays, scholars examine the unfinished business of decolonization and its relationship to questions of pedagogy, institutional life and culture, and ongoing discussions about race and racism.

**Taking Back the Rock** Oct 29 2020 On the night of November 20, 1969, ninety-two Native Americans sailed silently across the San Francisco Bay toward the island of Alcatraz. They intended to reclaim the land for Indian people and to establish a community on Alcatraz. By the time the sun rose, they had settled onto the island and made their intentions clear: a large sign read, "You Are Now on Indian Land". When the U.S. government discovered the occupation of Alcatraz, the U.S. Coast Guard blockaded the island. Yet more Native Americans found ways onto Alcatraz, coming from as far away as Canada and South America. During the nineteen-month occupation, Native Americans kept arriving, and Alcatraz became a community with a health clinic, a school, and even its own newspaper. Actors and singers visited the island, and boats dropped off donated supplies. Throughout negotiations with the government, the Native Americans refused to leave; instead, they fought to establish a permanent complex for their people.

**Custer Died For Your Sins** Nov 29 2020 Standing Rock Sioux activist, professor, and attorney Vine Deloria, Jr., shares his thoughts about US race relations, federal bureaucracies, Christian churches, and social scientists in a collection of eleven eye-opening essays infused with humor. This "manifesto" provides valuable insights on American Indian history, Native American culture, and context for minority protest movements mobilizing across the country throughout the 1960s and early 1970s. Originally published in 1969, this book remains a timeless classic and is one of the most significant nonfiction works written by a Native American.

*Congressional Record* Feb 19 2020 The

Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

*Occupation and Industrial Mobility in the United States 1969-93* May 16 2022 Using the Panel Study of Income Dynamics, we investigate occupational and industrial mobility of individuals over the 1969-80 and 1981-93 periods in the United States. We find that workers changed both occupations and industries more frequently in the later period. For example, occupational mobility for men ranged from 15 to 20 percent per year during the first period and from 20 to 25 percent per year over the second. We also find that, for men, occupational and industrial changes are associated with lower earnings, though this effect has lessened somewhat over time, while for women the results are mixed. Our results also indicate that older and less educated workers are less likely to shift occupation or industry, as are better paid men but not better paid women.

[Unsettling Truths](#) Jun 24 2020 You cannot discover lands already inhabited. In this prophetic blend of history, theology, and cultural commentary, Mark Charles and Soong-Chan Rah reveal the damaging effects of the "Doctrine of Discovery," which institutionalized American triumphalism and white supremacy. This book calls our nation and churches to a truth-telling that will expose past injustices and open the door to conciliation and true community.

*Ghost Dancing the Law* Apr 22 2020 This study of the Wounded Knee trials demonstrates the impact that legal institutions and the media have on political dissent. Sayer draws on court records, news reports, and interviews to show how both the defense and the prosecution had to respond continually to legal constraints, media coverage, and political events outside the courtroom.

**A Journey to Freedom** Aug 19 2022 The first book-length biography of Richard Oakes, a Red Power activist of the 1960s who was a leader in the Alcatraz takeover and the Indigenous rights movement A revealing portrait of Richard Oakes, the brilliant, charismatic Native American leader who was instrumental in the takeovers of Alcatraz, Fort Lawton, and Pit River and whose assassination in 1972 galvanized the Trail of Broken Treaties march on Washington, D.C. The life of this pivotal Akwesasne Mohawk activist is explored in an important new biography based on extensive archival research and interviews with key activists and family members. Historian Kent Blansett offers a transformative and new perspective on the Red Power movement of the turbulent 1960s and the dynamic figure who helped to organize and champion it, telling the full story of Oakes's life, his fight for Native American self-determination, and his tragic, untimely death. **Occupation of Japan** Sep 27 2020 This document presents a concise narrative of the major events which took place when Marine air and ground units were deployed to the main islands of Japan at the close of World War II. The text is based on official records, interviews with participants in the operations described, and reliable secondary sources. The pamphlet is published for the information of Marines and others interested in this significant period of Marine Corps history. The war was over, but the victory was not yet secure. Foremost among the multitude of new and pressing problems confronting Allied planners was the question of how the Japanese military would react to the sudden peace. On bypassed islands throughout the Pacific, on the mainland of Asia, and in Japan itself, over 4 million fighting men were still armed and organized for combat. Would all these men, who had proven themselves to be bitter-end, fanatical enemies even when faced with certain destruction, accept their Emperor's order to lay down their weapons? Or would some of them fight on, refusing to accept or believe the decision of their government? Logically, the focal point of Japanese physical and moral strength was the seat of Imperial

rule. If Tokyo were occupied without incident, the chances for a successful and bloodless occupation of Japan and the peaceful surrender of outlying garrisons would be greatly enhanced. General MacArthur's command contributed the 11th Airborne Division to stage from Luzon through Okinawa to an airfield outside Tokyo. Admiral Nimitz ordered the Third Fleet, cruising the waters off Japan, to form a landing force from ships' complements to seize Yokosuka Naval Base in Tokyo Bay. To augment this naval force, the Fleet Marine Force, Pacific (FNFPac) was directed to provide a regimental combat team (RCT) for immediate occupation duty. These Marines, and others that followed them, were destined to play an important part in the occupation of Japan.

*Like a Hurricane* Feb 01 2021 For a brief but brilliant season beginning in the late 1960s, American Indians seized national attention in a series of radical acts of resistance. Like a Hurricane is a gripping account of the dramatic, breathtaking events of this tumultuous period. Drawing on a wealth of archival materials, interviews, and the authors' own experiences of these events, Like a Hurricane offers a rare, unflinchingly honest assessment of the period's successes and failures.

**The American Indian Occupation of Alcatraz Island** Oct 21 2022 The occupation of Alcatraz Island by American Indians from November 20, 1969, through June 11, 1971, focused the attention of the world on Native Americans and helped develop pan-Indian activism. In this detailed examination of the takeover, Troy R. Johnson tells the story of those who organized the occupation and those who participated, some by living on the island and others by soliciting donations of money, food, water, clothing, and other necessities. Johnson documents the unrest in the Bay Area urban Indian population that helped spur the takeover and draws on interviews with those involved to describe everyday life on Alcatraz during the nineteen-month occupation. In describing the federal government's reactions as Americans rallied in support of the Indians, he turns to federal government archives and Nixon administration files. The book is a must-read for historians and others interested in the civil rights era, Native American history, and contemporary American Indian issues.

**Bury My Heart at Wounded Knee** Aug 07 2021 The "fascinating" #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, Bury My Heart at Wounded Knee generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by

American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, Bury My Heart at Wounded Knee inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

*Portnoy's Complaint* Mar 02 2021 The groundbreaking novel that propelled its author to literary stardom: told in a continuous monologue from patient to psychoanalyst, Philip Roth's masterpiece draws us into the turbulent mind of one lust-ridden young Jewish bachelor named Alexander Portnoy. Portnoy's Complaint n. [after Alexander Portnoy (1933- )] A disorder in which strongly-felt ethical and altruistic impulses are perpetually warring with extreme sexual longings, often of a perverse nature. Spielvogel says: 'Acts of exhibitionism, voyeurism, fetishism, auto-eroticism and oral coitus are plentiful; as a consequence of the patient's "morality," however, neither fantasy nor act issues in genuine sexual gratification, but rather in overriding feelings of shame and the dread of retribution, particularly in the form of castration.' (Spielvogel, O. "The Puzzled Penis," Internationale Zeitschrift für Psychoanalyse, Vol. XXIV, p. 909.) It is believed by Spielvogel that many of the symptoms can be traced to the bonds obtaining in the mother-child relationship.

Johnson documents growing unrest in the Bay Area urban Indian population and draws on interviews with those involved to describe everyday life on Alcatraz during the nineteen-month occupation. To describe the federal government's reactions as Americans rallied in support of the Indians, he turns to federal government archives and Nixon administration files. The book is a must read for historians and others interested in the civil rights era, Native American history, and contemporary American Indian issues.
