Loved by students like you for its visual and flexible approach to building computer skills, the ILLUSTRATED COURSE GUIDE: MICROSOFT OFFICE 365 & ACCESS 2016: ADVANCED is the ideal resource for mastering even the most complex aspects of Microsoft Access 2016, regardless of your experience level. Each two-page spread focuses on a single skill, ensuring information is easy to follow and absorb. The ILLUSTRATED COURSE GUIDE divides important

Microsoft Access 2016 concepts and skills into three manageable levels -- Introductory, Intermediate, and Advanced -- which creates the perfect resource for mastering the skills you need in any learning environment. Teach the course YOU want in LESS TIME In today's fast-moving, mobile environment, the GO with Office 2016 series focuses on the job skills needed to succeed in the workforce. With job-related projects that put Microsoft Office(R) into context, students learn the how and why at the moment they need to know, all in the appropriate Microsoft procedural syntax. For Office 2016, the hallmark guided-practice to skill-mastery pathway is better than ever. Students have many opportunities to work live in Microsoft office to apply the skills they've learned. In addition, instructional projects are now available as grader projects in MyITLab, so students can work live in Office while receiving auto-graded feedback. These high-fidelity

simulations match the text and provide an effective pathway for learning, practicing, and assessing their abilities. After completing the instructional projects, students can apply their skills with a variety of progressively challenging projects that require them to solve problems, think critically, and create on their own. New GO Collaborate with Google projects allow students to apply their skills to a new environment that is already popular in many workplaces. Integrated Microsoft Office Specialist (MOS) objectives make GO your one resource for learning Office, gaining critical productivity skills, and prepare for MOS certification. Also available with MyITLab MyITLab (R) is an online homework, tutorial, and assessment program designed for Information Technology (IT) courses, to engage students and improve results. HTML5 Simulation exercises and Live-in-Application Grader projects come with the convenience of auto-grading and instant feedback, so students learn

more quickly and effectively, and build the critical skills needed for college and career success. Digital badges allow students to showcase their Microsoft Office or Computer Concepts competencies, keeping them motivated and focused on their future careers. Note: You are purchasing a standalone product; MyITLab does not come packaged with this content. Students, if interested in purchasing this title with MyITLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.
